

No. S 38

**ENERGY EFFICIENCY (STANDARDS AND LABELLING) ACT
(Chapter 233)**

**ENERGY EFFICIENCY (STANDARDS AND LABELLING)
(REGISTRABLE GOODS) ORDER, 2023**

ARRANGEMENT OF PARAGRAPHS

Paragraph

1. Citation and commencement
2. Registrable goods

SCHEDULE — REGISTRABLE GOODS

**ENERGY EFFICIENCY (STANDARDS AND LABELLING) ACT
(Chapter 233)**

**ENERGY EFFICIENCY (STANDARDS AND LABELLING)
(REGISTRABLE GOODS) ORDER, 2023**

In exercise of the power conferred by section 6 of the Energy Efficiency (Standards and Labelling) Act, the Minister in the Office of the Prime Minister hereby makes the following Order —

Citation and commencement

1. This Order may be cited as the Energy Efficiency (Standards and Labelling) (Registrable Goods) Order, 2023 and shall commence on the same date as the Energy Efficiency (Standards and Labelling) Act (Chapter 233).

Registrable goods

2. Any goods described in the Schedule are registrable goods for the purposes of Part 3 of the Act.

SCHEDULE
(paragraph 2)

REGISTRABLE GOODS

1. Air conditioners —

(a) casement or window type air-conditioner (cooling capacity of 7.1 kW or lower);

(b) split type non-inverter air-conditioner with one or more than one indoor unit (cooling capacity of 7.1 kW or lower);

(c) split type inverter air-conditioner with one or more than one indoor unit (cooling capacity of 7.1 kW or lower).

2. In this Schedule, unless the context otherwise requires —

"casement or window type air-conditioner" means an assembly of components of a refrigeration system fixed on a common mounting to form a single unit;

"split type inverter air-conditioner" means split type air-conditioner that employs technologies that vary the output of the compressor by means other than start-stop operation;

"split type non-inverter air-conditioner" means a split type air-conditioner that employs technologies that vary the output of the compressor by start-stop operation.

Made this 29th. day of Zulhijjah, 1444 Hijriah corresponding to the 18th. day of July, 2023.
